GIVE BACK TO OUR COMMUNITY

FOCUS ON FORSYTH

Seniors in Forsyth county desperately needed yard work done to their home. Volunteers were able to come to the site and help the them so now they can enjoy their back yard.

You can be part of the Focus on Forsyth program. Make a difference in your community by delivering household items, providing groceries for a family or weatherizing a senior's home. Give your time, your skills or the simplest of items, and you will create a lasting impact for a Forsyth County resident.

For more information on the program, volunteering or making a donation please contact:
